

Parking Lot Traffic Pattern

Sammamish Rowing Association

Parent Pickup after High School and Middle School Practices

Required to Enter the Parking Lot:

- **Parents may ONLY enter from the turn lane from the North**
- Must have rower's name displayed in the windshield
- Rower must already be waiting *in the parking lot* before a parent can get in line to enter the lot

When you are in the parking lot:

- You cannot park and wait for your child. They must ALREADY be in the parking lot when you get in line
- Pull directly into the pick-up area and move as far forward as possible; the right lane is for picking up, the left lane is for pulling through

Exiting the parking lot:

- Pull forward into the drive-thru lane and proceed to the exit
- You must turn right out of the exit. Be careful of bikes and pedestrians coming from either side of the exit

DO NOT:

- Do NOT enter from the south. If you are coming from the south, you must turn around and wait in line in the turn lane from the north. If you try to enter from the south, our parent volunteers will turn you away and you will not be able to pick up your rower
- Do NOT enter any the parking areas; you must proceed directly to the pick-up and drive-thru lanes
- Do NOT park and wait for your child. Our parent volunteers will send you away and you must re-enter the line to get in
- Please Do NOT be rude to our parent volunteers and coaches--they are trying their best to make the parking lot flow as smoothly as possible

Evening Masters Rower Arrival

Pulling into the parking lot:

- **Masters rowers may enter the parking lot from the SOUTH only**
- If you are driving from the North, you must turn around and enter from the south
- You must display a **MASTERS ROWER PARKING PASS** on your windshield to enter the parking lot from the South. Our parent parking volunteers have no other way to distinguish between masters rowers and high school parents

Parking

- Rowers should park in the South Parking Lot
- Please park close together
- Do not block anyone in
- Junior Rowers: In order to park in our lot you must have 3 other rowers in your car. (meet at Marymoor and carpool)
- Please be nice to our parent volunteers; they are there to help the parking lot flow smoothly
