

# King County Parks **Your** King County **Big Backyard**

## Wonderful Winter of 2012

### Plant Native Trees and Shrubs, Remove invasive weeds or Work on Back Country Trails

Please join us this winter in King County Parks. You can make a difference by spending a day planting trees, or building trails! Native trees and shrubs enhance natural stream corridors, forests, wetlands and improve the habitat for wildlife. "Pay it forward" for your hiking trips by helping construct new backcountry trails.
